Disclaimer

This document guides you through the registration process for the NeuraliaFX fund via the PAMM Investor system offered by the broker Vantage. It does not in any way constitute investment advice.

Investing in financial markets carries risks, including partial or total loss of capital. Although NeuraliaFX™ uses proven strategies and active risk management, it cannot guarantee returns or capital preservation.

The investor is advised to consult a financial or tax advisor if in doubt. This product is not suitable for all investor profiles. The manager only receives compensation in the event of net profit, according to the model indicated below. All investment decisions are the sole responsibility of the investor.

The manager acts in full transparency and does not directly hold the investor's funds, which are hosted with the regulated broker Vantage. For any other questions related to the use of the broker's platform, please contact Vantage support.

The information contained in this document is provided for information purposes only. While every effort has been made to ensure accuracy, no responsibility can be accepted for any loss resulting from reliance on this document.

2. Why the PAMM model

The PAMM (collective investment fund) model allows several investors to be grouped into a single, centrally managed master account. Each investor retains ownership of their share in the pooled account, proportional to their contribution.

- ✓ No subscription required
- ✓ Capital available at all times
- ✓ Automatic management, with no manual action required
- ✓ Profitability aligned with results: the manager only wins if you win
- ✓ Separate and protected funds

4. Deposit funds

- On the homepage, click "Deposit."
- Choose the new account (PAMM Investor) you just opened to deposit funds and click "Next." A minimum of 500 € is required to enter the PAMM pool. Subsequent deposits are at least 500 € thereafter.
- Next, choose your payment method (scroll down if necessary to find the desired payment method) and follow the payment instructions.
- Depending on your chosen deposit method, it may take a little while for your funds to be available. Payments in crypto or by credit card are particularly fast.

The screenshot shows a white page with a header "Funds" and a sub-header "Deposit". Below that are tabs: Deposit (selected), Withdrawal, Transfer Between Accounts, and Transaction History. The main area has a "Account" section with a dropdown showing "6.000 EUR - PAMM Investor". Below it is an "Amount" section with a text input "Enter an amount: 50-99999999 EUR". There is also a "Voucher" section with a dropdown "Select a deposit rebate voucher". At the bottom, a note says "Deposit rebate will be added to your account within 24 hours once deposit success." and a "Continue" button.

The screenshot shows the 'PAMM - Vantagemarkets Investor Registration' page. At the top, the 'vantage' logo is displayed. Below it, the 'NeuraliaFX' Money Manager ID 1741 is listed. The 'Offer' section details the investment parameters: Trading Interval (1 Weeks), Min. Deposit (€1,000.00), and Min. Initial Investment (€5,000.00). The 'Performance Fees' section shows Equity (€0.00) and Performance fee (%) (20%). The 'Investor' section requires the selection of a server (Vantage International Live 4), MT4/MT5 account login (7840778), and a password. The 'Initial investment' is set to 5000. A checkbox for 'I agree to terms of PAMM service' is checked, with a link to 'check the agreement'. A large blue 'Invest' button is at the bottom.

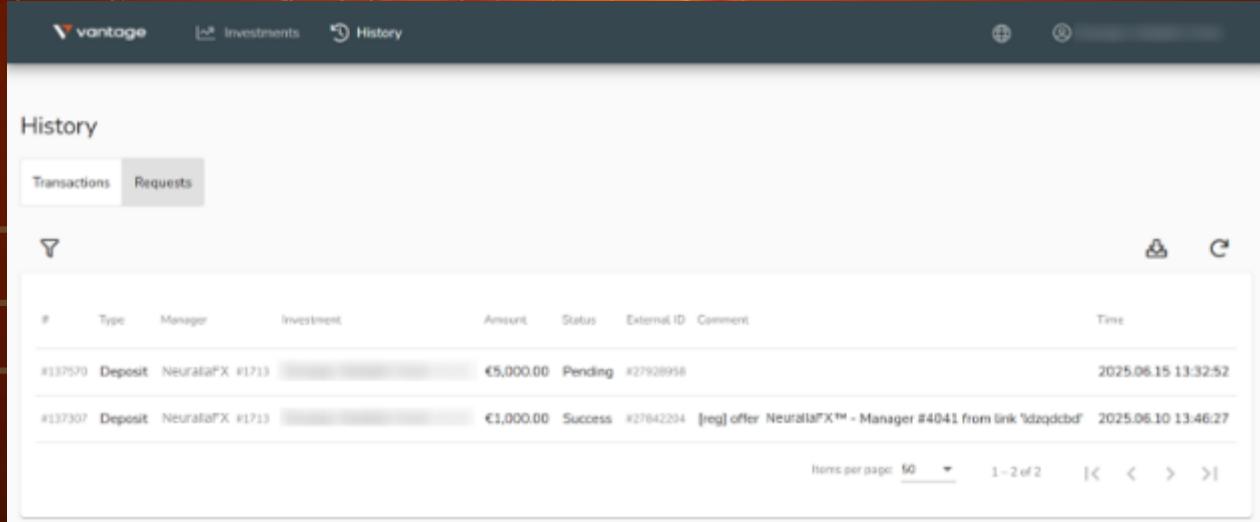

5. Investing in NeuraliaFX™ PAMM (continued)

IMPORTANT !

- The transfer of the deposited amount must still be confirmed by the NeuraliaFX™ collective investment fund manager.
- If the manager is unable to manually confirm your deposit, it will be automatically confirmed during the next rollover (new daily trading session).
- You can track the status of your transfer in your PAMM dashboard by logging in using the link below.
- Go to the "History" menu at the top left of the page. Then, click on "Requests."
